Capability	Status	Details
Almanac PDF	? AVAILABLE	Generated via DomPDF
Audit Log PDF	? AVAILABLE	Filtered export, landscape A4
Board Notice PDF	? AVAILABLE	With institutional letterhead
Attendance Register PDF	? AVAILABLE	Landscape A4 from meeting data

Capability	Status	Details
Conflict Register PDF	? AVAILABLE	Declaration register export
Board Paper PDF	? AVAILABLE	Approved paper with structured content
Attendance CSV	? AVAILABLE	UTF-8 with BOM for Excel
Conflict Register CSV	? AVAILABLE	CSV export
Meeting Minutes DOCX	? AVAILABLE	Word document via PHPWord

NOT CURRENTLY AVAILABLE — POTENTIAL ENHANCEMENTS

Feature	Category	Notes
SMS Notifications	Communication	No SMS gateway integration (e.g., Africa's Talking, Twilio). All notifications are email-only.
Video Conferencing Integration	Meetings	No virtual meeting capability (Zoom, Teams, Google Meet)
Board Evaluation Tools	Governance	No board/member performance evaluation module
Electronic Voting / Polling	Decisions	No in-app voting for board decisions
External Calendar Sync	Integration	No Google Calendar / Outlook / iCal integration
Native Mobile App	Platform	Web-based only; iPad-optimized portal exists but no native iOS/Android app
Advanced Analytics / BI Dashboard	Reporting	Basic stats and charts exist; no advanced analytics or custom report builder
REST API for Third-Party Integrations	Integration	Minimal API (single authenticated-user endpoint); no ERP/HRIS/financial system integration
User-Manageable Document Templates	Templates	Email templates exist in code but are not editable from the admin UI
Dedicated Action Points Module	Tracking	Board resolutions serve this purpose; no separate action point tracking with granular follow-up
Board Annual Work Plans	Governance	Not available
Attendance Analytics & Trend Reports	Analytics	Attendance tracking exists; no trend analysis or attendance reports
Multi-Language Support	Localization	English only
Offline Access	Platform	Online-only; no offline/sync capability

TECHNICAL ARCHITECTURE

Component	Technology
Backend Framework	Laravel 9/10 (PHP 8.0+)
Database	MySQL
Frontend	Bootstrap 5, Alpine.js, Tailwind CSS, jQuery
Admin Template	Hyper Admin
Build Tool	Vite
PDF Generation	DomPDF (barryvdh/laravel-dompdf)
Word Generation	PHPWord (phpoffice/phpword)
Authentication	Laravel Breeze + Sanctum
RBAC	Spatie Laravel Permission
Hosting	Self-hosted (XAMPP/LAMP/LEMP) or cloud
Timezone	Africa/Nairobi

DATABASE SCALE

- **93+ migration files** spanning January 2025 – August 2026
- **38+ models** (V1) + **19 models** (V2 workflow)
- **Core tables:** Users, roles, permissions, board members, committees, financial years
- **Governance tables:** Almanacs, meetings, papers, notices, minutes, resolutions, conflict declarations
- **V2 Workflow tables:** 16+ dedicated tables for the 10-stage meeting lifecycle
- **System tables:** Settings, audit logs, notifications, verification codes

This audit was conducted by inspecting the actual application codebase, database migrations, controllers, models, services, views, and configuration files. No capabilities were assumed or invented.
