PART 14 — E-BOARD GOVERNMENT & INSTITUTIONAL SALES KIT

Pricing Strategy

LOSVINCA — DIGITAL BOARD GOVERNANCE PLATFORM

Losvinca E-Board: Commercial Pricing Framework for Kenya & Africa

Classification: CONFIDENTIAL — Internal Sales Use Only **Version:** 1.0 **Effective Date:** [REQUIRES LOSVINCA INPUT — target launch date] **Review Cycle:** Quarterly

---

14.1 PRICING PHILOSOPHY

E-Board is a specialised governance platform engineered for regulated institutions — not a generic collaboration tool. Pricing reflects the depth of compliance automation, the rigour of the multi-stage workflow, and the cost of poor governance if an institution does without.

Guiding principles:

1. **Value-based, not cost-based.** A single governance failure — missed quorum, undocumented conflict of interest, lost board paper — can trigger regulatory sanctions worth tens of millions of shillings. E-Board eliminates that risk.
2. **Recurring revenue model.** Subscriptions fund continuous hosting, security, updates, and support. One-time fees cover implementation effort.
3. **Transparent tiers, flexible for government.** Published tiers for private-sector and NGO buyers; "Request a Quote" for government and large institutional buyers (see Section 14.8).
4. **Annual commitment rewarded.** Meaningful discount for annual pre-payment to improve cash-flow predictability.
5. **No race to the bottom.** E-Board competes on capability and compliance, not on price.

14.2 PRICING TIERS

TIER 1: STARTER

For: Small boards, NGOs, community organisations, early-stage state agencies **Limits:** 1 board, up to 2 committees, up to 15 user accounts

Component	Price (KES)
Monthly subscription	45,000 /month
Annual subscription (15% discount)	459,000 /year (equiv. 38,250 /month)
One-time implementation fee	120,000

What is included:

- Full 6-step setup wizard (institution identity, branding, workflow, role labels, email configuration, administrator setup)
- White-label branding: institution logo, colours, favicon, login background
- 1 board with up to 2 committees
- Up to 15 user accounts across all 10 system roles
- Complete meeting workflow (all 10 stages)
- Board papers with multi-stage review (Officer, Director, CEO)
- Board notices with CEO approval and email distribution
- Meeting minutes capture with Word export
- Board resolutions tracking
- Conflict of interest declarations with OTP verification and digital signature
- Document repository (up to 5 GB storage)
- Audit trail with PDF export
- Email notifications (7 mailables, 33+ templates)
- In-app notifications with sidebar badges
- OTP-based 2FA and security features
- iPad-optimised board portal access
- Standard email support (next business day response)

What is NOT included:

- Almanac management (available as add-on)
- CEO signature, letterhead, gazette notice management
- Dedicated account manager
- On-site training
- Data migration
- Custom integrations

TIER 2: PROFESSIONAL

For: Medium-sized state corporations, county entities, mid-tier NGOs, professional associations **Limits:** Up to 3 boards/committees, up to 30 user accounts

Component	Price (KES)
Monthly subscription	95,000 /month
Annual subscription (15% discount)	969,000 /year (equiv. 80,750 /month)
One-time implementation fee	250,000

Everything in Starter, plus:

- Up to 3 boards/committees (including audit committee designation)
- Up to 30 user accounts

- Full almanac management (annual meeting schedule, CEO approval workflow, PDF generation, versioning)
- Organisational structure (directorates, divisions)
- Financial year management (Kenyan fiscal year July-June)
- CEO signature, letterhead configuration
- Board member comprehensive profiles (documents, qualifications, photos, CVs, gazette notices, signature images, profile completeness scoring)
- Auto-create user accounts from board member profiles
- Conflict of interest register with PDF/CSV export
- Document repository (up to 15 GB storage, three visibility levels, access control, download tracking)
- Board paper versioning, annexures, recall functionality
- Digital signatures (signature pad, PDF signing)
- Sticky notes on CEO paper review
- Status notifications across all workflows
- Priority email support (4-hour response during business hours)
- 1 remote training session (up to 2 hours)

TIER 3: ENTERPRISE

For: Large state corporations, national government agencies, regulatory authorities, large NGOs, umbrella bodies
Limits: Unlimited boards/committees, unlimited user accounts

Component	Price (KES)
Monthly subscription	185,000 /month
Annual subscription (15% discount)	1,887,000 /year (equiv. 157,250 /month)
One-time implementation fee	500,000

Everything in Professional, plus:

- Unlimited boards and committees
- Unlimited user accounts
- Unlimited document repository storage
- Grouped permission management for complex role hierarchies
- Full audit trail with old/new value comparison, IP logging, user agent tracking
- Dedicated account manager
- Priority support (2-hour response during business hours, dedicated support channel)
- 3 remote training sessions (up to 2 hours each)
- 1 on-site training session [within Nairobi; travel costs apply outside Nairobi]
- Quarterly account review
- Data migration assistance (up to 2 data sets)

TIER 4: GOVERNMENT / INSTITUTIONAL (Custom)

For: Ministries, departments, agencies (MDAs), constitutional commissions, county governments, large parastatals, multi-entity deployments **Pricing:** Request a Quote

Why custom pricing:

1. Government procurement requires formal quotations aligned to budget lines
2. Scope varies enormously (a constitutional commission vs. a county water company)
3. Multi-year contracts are common and require bespoke pricing
4. Hosting requirements may differ (shared cloud vs. dedicated instance vs. on-premise)
5. Integration and customisation needs are institution-specific
6. Support SLA requirements vary by institution criticality

Custom pricing includes negotiation on:

- All Enterprise features as baseline
- Dedicated hosting instance (if required)
- Custom role labels and workflow adjustments
- Bespoke branding with full letterhead and certificate configuration
- Data migration from legacy systems (paper archives, spreadsheets, prior digital systems)
- Custom training programme (administrators, board members, officers, executives)
- Extended SLA with defined response and resolution times
- Multi-year subscription agreements with locked pricing
- Phased rollout plans
- On-site implementation support

14.3 ADD-ON PRICING

Add-On	Price (KES)	Notes
Additional users (per block of 5)	12,000 /month	Above tier limit
Additional committee	8,000 /month	Above tier limit
Additional storage (per 10 GB)	5,000 /month	Above tier limit
Almanac module (Starter tier only)	15,000 /month	Included in Professional+
Dedicated hosting instance	35,000 /month	Isolated server environment
Custom domain SSL	15,000 one-time + 5,000 /year	Institution-branded URL

14.4 IMPLEMENTATION SERVICES

Standard Implementation (Included in Tier Fee)

- Platform provisioning and configuration
- 6-step setup wizard execution
- Branding setup (logos, colours, favicon)
- Role and permission configuration
- Email/SMTP configuration
- 1 administrator account creation
- Basic user guide provision

Extended Implementation [REQUIRES LOSVINCA INPUT — confirm capacity]

Service	Price (KES)	Scope
Full implementation project	350,000 – 750,000	End-to-end setup, configuration, branding, user creation, workflow customisation, testing, go-live support
Data migration — simple	150,000 – 300,000	Board member data, basic documents from spreadsheets/PDFs
Data migration — complex	300,000 – 600,000	Historical meeting records, resolutions, multi-format document conversion
Organisational structure setup	80,000 – 150,000	Full directorate/division hierarchy, role mapping
Board member profile population	50,000 – 120,000	Complete profiles with documents, photos, CVs, gazette notices

14.5 TRAINING SERVICES

Training Package	Price (KES)	Details
Remote training — per session	25,000	Up to 2 hours, up to 15 participants via video call
On-site training — Nairobi	75,000 /day	Up to 20 participants, includes training materials
On-site training — Outside Nairobi	75,000 /day + travel costs	Travel, accommodation, per diem at cost
Executive briefing (CEO/CS)	35,000	1-hour focused session for senior leadership
Board member orientation	45,000	Tailored session for board members, iPad portal focus
Train-the-trainer programme	120,000	2-day programme to certify internal champions
Training materials pack	30,000	Printed quick-reference guides, role-specific user manuals

14.6 CUSTOMISATION SERVICES

Customisation	Price (KES)	Delivery
Role label customisation	Included	Via setup wizard
Workflow stage adjustments	80,000 – 200,000	2–4 weeks
Custom email templates	50,000 – 100,000	Per template batch (up to 5)
Custom report/export format	80,000 – 150,000	Per report type
Full letterhead/certificate design	40,000 – 80,000	Design + implementation
Bespoke feature development	Quoted per scope	Minimum engagement 250,000

14.7 SUPPORT & SLA TIERS

Standard Support (Included with Starter)

- Email support: support@losvinca.com REQUIRES LOSVINCA INPUT
- Response time: Next business day
- Hours: Monday–Friday, 8:00 AM – 5:00 PM EAT
- Platform updates and security patches included
- Knowledge base access

Priority Support (Included with Professional)

- Email support with priority queue
- Response time: 4 hours during business hours
- Hours: Monday–Friday, 8:00 AM – 6:00 PM EAT
- Dedicated support ticket portal
- Monthly system health report

Premium Support (Included with Enterprise)

- Dedicated support channel (email + phone)
- Response time: 2 hours during business hours
- Hours: Monday–Saturday, 7:00 AM – 7:00 PM EAT
- Dedicated account manager
- Quarterly business review
- Priority feature requests

Mission-Critical SLA (Government/Institutional — Add-on)

Metric	Target
Uptime guarantee	99.5% monthly
Critical issue response	1 hour (24/7)
High-priority response	4 hours (business hours)
Medium-priority response	8 hours (business hours)
Planned maintenance window	Weekends, 10:00 PM – 6:00 AM EAT, with 48-hour notice
Monthly SLA report	Provided

Mission-Critical SLA pricing: KES 45,000 /month (add-on to any tier)

14.8 GOVERNMENT PRICING STRATEGY: PUBLIC vs. "REQUEST A QUOTE"

Recommendation: Hybrid Approach

Publish Starter, Professional, and Enterprise pricing publicly on the Losvinca website and in sales materials. This:

- Establishes market positioning and signals confidence
- Helps private-sector and NGO buyers self-qualify
- Gives procurement officers a reference point for budgeting
- Reduces time spent on low-value enquiries

Use "Request a Quote" for the Government/Institutional tier. This:

- Allows flexibility to meet procurement requirements (government quotations must be institution-specific)
- Enables multi-year pricing negotiations
- Accommodates different hosting and compliance requirements
- Permits bundling of implementation, training, and support into a single procurement line item (which many government accounting systems prefer)
- Protects against competitors undercutting on published prices in tender scenarios

On the website and in brochures, display:

> *Government & Institutional Pricing* *E-Board serves [X] government institutions across Kenya. [REQUIRES LOSVINCA INPUT — actual count] For a tailored quotation aligned to your institution's requirements and procurement process, contact our Government Sales Team. [Request a Quote] button*

In tender/RFQ responses, quote specific prices drawn from the Enterprise baseline, adjusted for the institution's scope. Never submit a tender response with "pricing upon request."

14.9 HOSTING OPTIONS

Option	Monthly Cost (KES)	Details
Shared cloud hosting	Included in subscription	Multi-tenant, Losvinca-managed, Kenya/Africa-based data centre
Dedicated cloud instance	35,000 /month add-on	Single-tenant, isolated database and application server
On-premise deployment	Quoted per project	Institution provides server infrastructure; Losvinca provides installation, configuration, and update services

On-premise pricing guidance:

Component	Price (KES)
On-premise installation and configuration	300,000 – 500,000
Annual maintenance and update contract	360,000 – 600,000 /year
On-premise support retainer	180,000 – 360,000 /year

[REQUIRES LOSVINCA INPUT — confirm hosting infrastructure and data centre location]

14.10 REVENUE MODEL PROJECTIONS

Year 1 Target Scenario [REQUIRES LOSVINCA INPUT — validate assumptions]

Metric	Conservative	Moderate	Aggressive
Starter clients	5	10	15
Professional clients	3	6	10
Enterprise clients	1	3	5
Government/Custom clients	1	2	4
Monthly Recurring Revenue	**KES 740,000**	**KES 1,575,000**	**KES 2,630,000**
Annual Recurring Revenue	**KES 8,880,000**	**KES 18,900,000**	**KES 31,560,000**
Implementation revenue (one-time)	KES 1,970,000	KES 4,440,000	KES 7,700,000
Training/services revenue	KES 750,000	KES 1,800,000	KES 3,200,000
Total Year 1 Revenue	**KES 11,600,000**	**KES 25,140,000**	**KES 42,460,000**

Note: Government/Custom clients estimated at KES 250,000/month average subscription.

Key Financial Metrics

- **Target gross margin on subscriptions:** 70–80%
- **Implementation margin:** 40–50%
- **Customer acquisition cost (CAC) target:** Less than 6 months of subscription revenue
- **Annual churn target:** Less than 10% (governance platforms are naturally sticky)

14.11 DISCOUNT POLICY

Discount Type	Maximum	Approval Required
Annual pre-payment	15% (standard)	Automatic
2-year commitment	20%	Sales Manager
3-year commitment	25%	CEO/MD
Multi-entity (3+ institutions under one parent)	15% additional	CEO/MD
NGO/not-for-profit	10%	Sales Manager
Early adopter (first 20 clients)	20% on subscription for 12 months	CEO/MD
Pilot-to-production conversion	Waive implementation fee	Sales Manager

Rules:

1. Discounts are NOT cumulative. Maximum combined discount: 25%.
2. Never discount below Professional tier pricing for Enterprise-scope deployments.
3. Government pricing is always custom-quoted — do not apply published discounts.
4. All discounts must be documented with business justification.
5. Pilot pricing (see Section 14.12) is separate from subscription discounts.

14.12 PILOT PROGRAMME PRICING

Purpose: Remove procurement barriers by offering a low-risk trial that demonstrates value before full commitment.

Pilot Component	Price (KES)	Duration
Pilot licence	75,000 flat fee	90 days
Pilot setup and configuration	Included	—
Pilot training (1 session)	Included	Up to 2 hours
Pilot support	Included (email, business hours)	90 days

Pilot scope:

- Up to 10 users
- 1 board, 1 committee
- Full feature access (all 10 meeting workflow stages)
- Full branding setup
- Real meeting data encouraged (not dummy data)

Pilot-to-production conversion:

- Pilot fee credited against first year's subscription (any tier)
- Implementation fee waived if conversion within 30 days of pilot end
- All data from pilot migrates to production instance

Important: Pilots must comply with procurement rules. For government institutions, a pilot may require a Local Purchase Order (LPO) or equivalent authorisation. Losvinca must never offer "free trials" that could be perceived as inducement under the Public Procurement and Asset Disposal Act.

14.13 PAYMENT TERMS

Client Type	Terms
Private sector / NGO	Monthly: invoiced in advance, net 15. Annual: invoiced in advance, net 30.
Government / parastatal	Per LPO/LSO terms, typically net 30–60. Annual invoicing preferred.
Implementation fees	50% on contract signing, 50% on go-live.
Training fees	Invoiced on delivery.

Payment methods: REQUIRES LOSVINCA INPUT

- Bank transfer (KES account)
- M-Pesa (for smaller invoices)
- Cheque (government institutions)
- [Consider: credit card for international clients]

14.14 COMPETITIVE POSITIONING ON PRICE

Competitor Category	Typical Pricing	E-Board Position
International board portals (Diligent, BoardEffect, Convene)	USD 1,000–5,000 /month (KES 130,000–650,000 /month)	E-Board is 50–70% less expensive, purpose-built for Kenyan governance
Generic document management (SharePoint, Google Workspace)	KES 5,000–30,000 /month	E-Board costs more but delivers governance-specific compliance that generic tools cannot

Competitor Category	Typical Pricing	E-Board Position
Manual/paper-based governance	KES 0 (visible cost) but massive hidden costs: printing, courier, storage, risk	E-Board ROI demonstrates cost savings within 6–12 months
Local custom development	KES 2,000,000–8,000,000 one-time build	E-Board is lower risk, faster deployment, continuously updated, and includes support

Key pricing messages:

1. "You are not buying software. You are buying governance compliance, audit readiness, and institutional risk reduction."
2. "The cost of E-Board is a fraction of the cost of a single governance failure."
3. "E-Board pays for itself through elimination of printing, courier, and manual document management costs alone."

14.15 PRICE REVIEW AND ESCALATION

- Prices reviewed quarterly by Losvinca management.
- Existing clients on annual contracts: price changes effective on renewal only, with 60-day advance notice.
- Existing clients on monthly contracts: 30-day notice for price changes.
- Government contracts: pricing locked for the contract term (typically 1–3 years).
- Annual price escalation cap: 10% (protects against currency fluctuation while maintaining sustainability).

14.16 INTERNAL PRICING TOOLS REQUIRES LOSVINCA INPUT

Losvinca should develop and maintain:

1. **Pricing calculator spreadsheet** — sales team inputs institution size, requirements, and contract term; outputs recommended pricing with margin analysis.
2. **Quotation template** — branded, professional quotation document with line items matching the categories above.
3. **Tender pricing template** — pre-formatted for government RFQ/tender response, with BOQ-style line items.
4. **Discount approval form** — documents the business case for any discount above standard annual prepayment.

End of Part 14 — Pricing Strategy
